THE COMPANY

PATSONS is known for its patient centricity which helps in crafting innovative, widely accessible solutions. PATSONS also follows the same philosophy. Even after being a new entrant in this cost-sensitive market, our packaging is uniquely and thoughtfully designed to be very consumer-friendly.

Our slogan says "respect the quality with time "this only matter with our work and we do deliver the promises we have made.

Established in the year 2010, we, 'patsons international ', have been able to stand amidst the leading manufacturers and suppliers of a wide assortment of medical consumable – disposable /non disposable , medical equipment – surgical & non surgical Instruments, formulation raw material IP & BP grade, General oral drugs & wellness drugs . These products are manufactured

Backed by a skilled workforce, we have been able to meet the varied demands of the clients in the most feasible manner. These professionals are immensely qualified and experienced in their respective field of specialization. We also have a team of quality controllers, which tests the products on various parameters to ensure that these are in accordance with international quality standards. All the products are safely stored in our sound warehouse unit and are packaged using premium quality packaging material.

Following are the footsteps of our mentor, "Mr. Nehul patel", we have been able to gain the immense faith our international clients. His superior managerial skills and rich industry experience have allowed us to stand at an enviable position in the market.

OUR VISION

To continually set new benchmarks in global healthcare with the power of human expertise, innovative research and advanced technology.

OUR MISSION

Contributing to better healthcare through innovation. Maximizing value for our stakeholders and customers.
